Dear Mr. Ahlers:

I understand from your letter to the Yakama Nation, dated Jan. 7, 2013, that you represent the Wapato School District in the matter of the Ashue Road Asbestos Site. I expect you will receive a letter soon with more details, but I'm sending this email now to provide you with the earliest possible notice of a meeting on **Monday, March 18**, in Toppenish, WA. The meeting will include representatives from EPA (myself included), the Yakama Nation, Yakima County, and Potentially Responsible Parties in this matter. I am hoping that you or your firm will be available to represent the Wapato School District at that meeting. The purpose of the meeting will be to reach agreement on a path forward for conducting the cleanup work required at this site.

I apologize if this seems like short notice, but if you are not available on the 18th, I expect the meeting will go forward then, as it has already been confirmed on calendars for the County and Yakama Nation.

If possible, please reply to this email to confirm your availability on the 18th, and watch for our letter and additional information shortly.

Best Regards,

Clifford J. Villa
Assistant Regional Counsel
U.S. EPA Region 10
desk: (206) 553-1185
